35 Lives of the Poets Michael Schmidt 2010-04-14 National Book Critics Circle Award Finalist In this stunning volume of epic detail, Michael Schmidt connects the lives and works of more than 300 poets over the last 700 years--spanning distant shores from Scotland to Australia to the Caribbean, all sharing the English language. Schmidt reveals how each poet has transformed “a common language of poetry” into the rustic rhythms and elegiac ballads, love sonnets, and experimental postmodern verse that make up our lyrical canon. He also shows how a poetry that is lively and always accessible, Lives of the Poets illuminates our most transcendent literary tradition.
