Music and Heritage Liam Maloney 2021-04-14 Music and Heritage provides new thinking about the diverse ways people engage with heritage. By exploring the relationship between music, place and identity, the book illustrates how people form attachments to place and how such attachments are represented by sound and music-making. Presenting case studies and perspectives from across a range of genres, the volume argues that combining music with heritage provides an alternative and productive opportunity to think about heritage values and place attachment. Contributions to this edited collection use a diversity of methods, perspectives, cues and genres to reflect critically on issues related to these and other interconnections in ways that encourage new thinking about the character, meaning and purpose of cultural heritage, and the various ways in which people can interact with the through music - that re-encountering the supposedly familiar world around them. Taking heritage studies, musicology and place-making research in new directions, Music and Heritage will be of interest to academics and students engaged in the study of heritage, history, music, geography and anthropology. It will also be relevant to those with an interest in how music relates to lifestyle and place attachment, as well as to practitioners and policymakers working in the planning, design and creative sectors.

This Must Be The Place Susan Jackson Rodgers 2017-08-22 It's the summer of 1983. Ronald Reagan is in the White House, Princess Leia is on magazine covers, and Thea decides to extend her stay. Not everyone welcomes her into the fold, however, and Thea's own past--including her distant best friend and erstwhile boyfriends on both coast--is nipping at her heels. When she discovers a terrible secret that could upend Jimmy's world, the spell of happiness she has woven in this unlikely hotel room that was the site of an infamous murder-suicide 15 years earlier, is hard to connect. I connect through cooking, and I noticed that's what many others were doing as well. We took to the kitchen to share something of ourselves--and cooking became the discipline, diversion, and devotion that got us through." You may think you know Rachael Ray after decades of TV appearances and dozens of books, but 2020 changed us all and it changed her, too--her life and her direction. During the early months of the pandemic in upstate New York, far away from her New York City television studio, Rachael Ray and her husband, John, went to work in their home kitchen hosting the only cooking show on broadcast TV. At her kitchen counter, with the help of her iPhone cameraman (John), Rachael produced more than 125 meals--everything from humble dishes composed of simple pantry items (One-Pot Chickpea Pasta or Stupid Good, Silly Easy Sausage Tray Bake) to more complex recipes that satisfy a craving or celebrate a moment (Porcini and Greens Risotto or Moroccan Chicken Tagine). This Must Be The Place captures the recipes, and images that will forever shape this time for Rachael and her family, offering readers inspiration to rethink and rebuild what home means to them now.

Iron John Robert Bly 2020 "In this timeless and deeply learned classic, poet and translator Robert Bly offers nothing less than a new vision of what it means to be a man. Bly's vision is based on his ongoing work with men, as well as on reflections on his own life. He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture. Finding rich meaning in ancient stories and legends, Bly uses the Grimm fairy tale "Iron John"--in which a mentor or "Wild Man" guides a young man through eight stages of male growth--to remind us of ways of knowing long forgotten, images of deep and vigorous masculinity centered in feeling and protective of the young. At once down-to-earth and elevated, combining the grandeur of myth with the practical and often painful lessons of our own histories, Iron John is an astonishing work that will continue to guide and inspire men--and women--for years to come"--

This Must Be The Place Milton Brasher-Cunningham 2015-11-01 • Connects the metaphor of the Prodigal Son, the Son of Man has nowhere to call home, heaven as home – with the deep desire to belong and to feel wanted • Author of Keeping the Feast turns discussions about food and faith into what it means to live in community, to create home, and to feel at home The author writes, “One of the characters in Robert Frost’s ‘Death of a Hired Man’ says, ‘Home is that place where, when you go there, they have to let you in.’ I have found that place in my musings, around our dining room table for Thursday Night Dinners, with friends who have helped me make a mosaic out of the shards of my fractured past. Home, for me, means to belong, to feel wanted.”
and charts it has been developed in ad-hoc ways by non-professionals such as club owners, promoters, and the musicians themselves. Not only have the rules been promulgated by architects, designers, and construction specialists. With a primary focus on Europe and North America (and excursions to Australia, the Far East and South America), it explores audience experience and how venues have influenced the development of different musical scenes. From music halls and vaudeville in the 1800s, via the seminal clubs and theatres of the 20th century, to the large-scale multi-million-dollar arena concerts of today, this book explores the impact that the use of private and public space for performance has on our cities' urban identity, and, to a lesser extent, how rural space is perceived and used. Like architecture and urban planning, music venue architecture is both a product and a driver of community change.

Awards for Good Boys Shelby Lorman 2019-06-04 "Shelby and her art are extremely my shit. You need this book." —Samantha Irby, New York Times bestselling author of We Are Never Meeting in Real Life “The rare Instagram-turned-book that actually works.” -Jezabel A wickedly funny illustrated look at living and dating in a patriarchal culture that celebrates men for displaying the bare minimum of human decency Surely you’re familiar with good boys. They’re the ones who put “feminist” in their Tinder bio but talk over you the entire date. They ghost you, but they feel momentarily guilty. They once read a book by a woman author. (It was required, but they thought it was “okay.”) And of course, they bravely condemn sexual harassment (except when the perpetrator is their buddy Chad). This book explores why so-called and self-proclaimed good boys are actually not so great, breaking down our obsession with celebrating male mediocrity and rewarding those who clear the very low bar of not being outrageously awful. Through clever illustrations,_RADIUS Sophia and Piano Ballisert unpack the tendency to applaud men for doing the absolute least and offers hilarious and cathartic cultural commentary through which we may begin to unravel our own assumptions about gender roles and how we treat each other, both on and offline.

Talking Heads

Ian Gittins 2004 (Book). A superbly illustrated, in-depth examination of the stories, events, places, and characters that inspired the songs of Talking Heads, arguably the most significant band to emerge from the late-'70s New York punk scene based around CBGB's club. Led by guitarist-vocalist David Byrne, the band enjoyed major chart success on both sides of the Atlantic with infectious, incendiary singles like "Road to Nowhere," "Psycho Killer," and "Once in a Lifetime." During their influential seventeen-year career, Talking Heads assembled a body of raw yet intellectual rock music second to none. Then in 2002, having vowed to never work together again, the four original Heads reconvened and played live when they were inducted into the Rock and Roll Hall of Fame. Ian Gittins has written about music and popular culture for fifteen years for such varied publications as Melody Maker, Q, The Guardian, Daily Telegraph, Time Out, and Vibe.

This Must Be the Place

David Bowman 2009-06-02 A fascinating glimpse behind the big suits and deadpan looks to the heart and soul of a band that made it big by playing it cool. With their minimalist beats, sophisticated lyrics, and stoic mien, the Talking Heads were indisputably one of the most influential and intriguing bands of their time. Rising from the ashes of punk and the smoldering embers of the disco inferno, they effectively straddled the boundaries between critical and commercial success as few other groups did, with music you could deconstruct and dance to at the same time. Culture critic David Bowman tells the fascinating story of the band's inception at the Rhode Island School of Design to their first big gig opening for the Ramones at CBGB, from their prominence in the worlds of art and fashion to the clash of egos and ideals that left them angry, jealous, and ready to斛re-hire every time they played. He reveals the band's eventual heartbreak over the longevity of the original and gloriously dysfunctional rock 'n roll band that stayed together longer than anyone thought possible, and left a legacy that influences artists to this day.

series of portraits and landscapes, each of which explore a facet of his native South Africa and neighboring African countries, including the film sets of Nigeria’s Nollywood; and toxic garbage dumps in Ghana; and sites of mass executions in Rwanda, as well as albinos, the Hyena Men of Nigeria, honey collectors, and garbage scavengers. Kin, a collection of images shot throughout South Africa over the past decade, focuses instead on the photographers family, his community, and himself. Writer John Mahoney characterizes it as the artists first major work to focus exclusively on his personal experience in his native South Africa, a place defined by centuries of political, cultural, and racial tensions and contradictions. Hugo describes his series as an engagement with the failure of the South African colonial experiment and my sense of being colonial driftwood. South Africa is such a fractured, schizophrenic, wounded, and problematic place... How does one take responsibility for history, and to what extent should one try? How do you raise a family in such a conflicted society? This work attempts to address these questions and reflect on the nature of conflicting personal and collective narratives.

Pieter Hugo 2012 This Must Be the Place presents nearly ten years of work by award-winning South African photographer Pieter Hugo. This book includes a selection of over 100 seminal images from before and after The Hyena & Other Men, the series that catapulted him into the spotlight in 2007. Perceptive essays by TJ Demos and Aaron Schuman situate Hugo’s extraordinary career within the realm of contemporary photography and the larger historical context of his native continent, Africa. As Schuman writes, “Hugo’s images offer an arresting argument for the untrustworthiness of photography, and at the same time reveal the striking vitality that remains at the heart of the medium when a practitioner bravely dares to pose difficult questions’.
